

The plaintiff was advised of his right to file objections to the Report and Recommendation. His response to the Report merely repeats the claims in his original complaint and provides no specific objection to the Report. In the absence of specific objections to the Report of the Magistrate Judge, this court is not required to give any explanation for adopting the recommendation. *See Camby v. Davis*, 718 F.2d 198, 199 (4th Cir. 1983).

As the Magistrate Judge properly opines, to the extent the plaintiff alleges deliberate indifference to his medical needs by the defendants in 2004 and 2005, his claims are barred by the statute of limitations, which under South Carolina law is three years. As this court declines to exercise supplemental jurisdiction over any state law causes of action raised in the complaint, plaintiff's request for this court to transfer his case to Richland County to avoid a new filing fee is denied.

After a careful review of the record, the applicable law, the Report and Recommendation, and the objections, the court finds the Magistrate Judge's recommendation proper and adopts and incorporates it herein by reference. Accordingly, this action is dismissed without prejudice and without issuance and service of process.

IT IS SO ORDERED.
